Systematic Theology

Theology is the study of God and Systematic Theology is the study of God in a systematic way.

From September to December we are looking at the possibility of running a Systematic Theology course on a Sunday evening once or twice a month.

We would use Wayne Grudem's book Systematic Theology as a foundation for the course (it is also available as a series of videos) and those who attend would be expected to read and explore the relevant sections of the book before we meet.

We want the Word and Spirit to come together and the course is intended to provide a foundation for those who want to understand more of what God has revealed about himself.

Could you let Rod know if you are interested, so that we can see if we have the numbers to run the course

Sunday morning venues

Generally, we expect to meet at Dianthus Upper Deck on Sunday mornings. However, recent problems with the lift and other bookings have meant we have needed to be flexible about where we meet. If we are not in Dianthus please find us in Goldwater Lodge.
